Bible Theme of the Month

August 2023 - Cooperation

Chapel with Director Jenny.

August 24, 2023

During this month's chapel time, the children learned the importance of working together and how it is stronger than trying to do something on your own. To learn this, Director Jenny had the children stand in a circle and then sit down altogether, which resulted in everybody being able to sit comfortably. They then stood up altogether as well, learning that this teamwork is what created good results. It went very well with full cooperation, Hallelujah!
